## Suspicious Findings

- LOW

USB Device Connected

2026-07-27 10:21:55
- MEDIUM

USB Driver Loaded

2026-07-27 10:21:55

**LOW**

USB Device Connected

2026-07-27 10:21:53

**MEDIUM**

USB Driver Loaded

2026-07-27 10:21:53

## Investigator Conclusion

This investigation analyzed **6** Windows system events and identified **4** potentially suspicious activities. No USB storage device registry artifacts were found on this system. The collected evidence should be reviewed together with Windows Event Logs before reaching a final forensic conclusion.
